

Samsara

is a tarot deck of 62 [3x5] cards. In response to your question, cards are randomly drawn then arranged in a predetermined layout, where each layout position reflects an aspect of the situation-in-question. Synchronistic meaning is created through discovering connections between your situation and the cards you've drawn. The deck is also used for storytelling, and to overcome creative blocks.

Samsara is a Sanskrit word referring to creative cycles; all ever-changing phenomena that forms and transforms.
